Dear Sir/Madam,

Greetings from the Mekong Institute (MI),

The Mekong Institute (MI) is an intergovernmental organization established by the six countries of the Greater Mekong Subregion, dedicated to promoting regional development, cooperation, and integration through capacity development programs.

We are pleased to inform you that the Mekong Institute (MI) will organize a Half-Day **Information Sharing Session on the Mekong–Republic of Korea Cooperation Fund (MKCF) on 27 March 2026 at Grande Centre Point Terminal 21 in Bangkok, Thailand (08:30–12:00)** in a hybrid format (onsite and online).

The Mekong–Republic of Korea Cooperation Fund (MKCF), established in 2013 under the Mekong–ROK Partnership, supports development initiatives across key priority sectors in the Mekong region and is administered by the Mekong Institute.

The session aims to introduce the MKCF program and provide guidance on the Expression of Interest (Eoi) process, eligibility criteria, and proposal preparation for the MKCF 10th Call for Proposals.

In this regard, we are pleased to share information about this event with relevant Thai authorities, ministries, and organizations working in sectors aligned with MKCF priority areas, namely Culture and Tourism; Human Resources Development; Agriculture and Rural Development; Infrastructure; Information and Communication Technology; Environment; and Non-Traditional Security Challenges.

Should there be interest in participating, the relevant ministries and organizations may nominate up to two (2) participants for onsite participation by completing the registration form (first come, first-served basis). Please note that onsite participation is limited to 50 participants, while online participation will be open without limitation.

Kindly note that travel arrangements will not be provided. Coffee breaks and lunch will be served for onsite participants during the event.

Sincerely,
